Description:	<p>brfransen, a couple users have requested the openvpn package. I have tried to help by compiling the package and providing download links, but long-term I think I may be providing a disservice as this will likely break things in the future.</p> <p>http://forums.linhes.org/viewtopic.php?f=14&t=24777</p> <p>Here are links to the PKGBUILD's from the archlinux repository that I found necessary:</p> <p>pkcs11-helper https://git.archlinux.org/svntogit/packages.git/plain/trunk/PKGBUILD?h=packages/pkcs11-helper</p> <p>openvpn https://git.archlinux.org/svntogit/packages.git/plain/trunk/PKGBUILD?h=packages/openvpn</p> <p>Would it be much trouble to add them moving forward?</p>
