LinHES - Bug # 188: myth_trailers error

Status:	Closed	**Priority:**	Normal
Author:	mjl	**Category:**	
Created:	02/15/2009	**Assignee:**	
Updated:	01/02/2012	**Due date:**	
Description:	Don't suppose this is good either: php: PHP Notice: Undefined index: value in /usr/bin/myth_trailers_grabber on line 163 Discovered it by accident.		

History

01/02/2012 08:02 pm - poflynn

When I boot 7.1 I get this error also (see the tail of /var/log/messages.log below). Dunno yet if this is actually causing real problems as this system is still being set up).

<pre>

Jan 2 19:54:03 fe-1 mythfrontend: (EE) Failed to load module "kbd" (module does not exist, 0)
