

LinHES - Bug # 208: No Reboot

Status:	Closed	Priority:	Normal
Author:	mjl	Category:	
Created:	02/22/2009	Assignee:	
Updated:	03/16/2009	Due date:	
Description:	Reboot selection does nothing, Halt is ok, Cancel is ok, About works but contents don't fit		

History

02/25/2009 12:50 am - tjc

Verified that this is indeed happening. The shut down option works, but reboot apparently does nothing.

02/25/2009 06:53 am - mjl

Same conditions for me in .07

02/27/2009 02:14 pm - jams

This will happen on upgrades because the db value for reboot/halt is incorrect.

Make sure the values for halt and reboot are set as follows.

halt: sudo /sbin/halt

reboot: sudo /sbin/reboot

These can be found under the general settings of mythtv.
