

LinHES - Bug # 214: Myth2ipod Doesn't worki

Status:	Closed	Priority:	Normal
Author:	sniffton	Category:	
Created:	02/24/2009	Assignee:	
Updated:	07/27/2009	Due date:	
Description:	myth2ipod doesn't work. (I get a 404 error when I click on the link from the main html page)		

History

04/19/2009 10:00 pm - bzImage8

There is no myth2ipod script and no MP4Box in linhes

06/02/2009 01:25 am - goofee

MP4Box can be installed with `<code>pacman -S gpac</code>`

I copied over the myth2ipod script from my R5.5 box and get a nuvexport error.

`<code>`This version of nuvexport requires either the cvs or svn version of ffmpeg.

Cleaning up temp files.

Nuvexport encoding seems to have failed`</code>`

`<code>`ffmpeg -version
