LinHES - Bug # 220: Bad X config files generated

Status:	Closed	**Priority:**	Normal
Author:	tjc	**Category:**	
Created:	02/25/2009	**Assignee:**	jams
Updated:	03/20/2010	**Due date:**	
Description:	Generated X config file had no valid mode lines resulting in Nvidia driver falling back on built in mode lines with bad aspect ratios. It also ended up without a working mouse for some reason. This also matches some problem reports for 6.00.07 from the forums.
