LinHES - Bug # 292: Set Mythweb Timezone during installation

Status:	Closed	**Priority:**	Normal
Author:	girkers	**Category:**	
Created:	03/16/2009	**Assignee:**	jams
Updated:	12/25/2011	**Due date:**	12/31/1969
Description:	When you select the timezone during the configuration of LinHES could this information be set in the php.ini file. Ohterwise Mythweb could be out by up to an hour. E.g. [Date] ; Defines the default timezone used by the date functions date.timezone = America/Phoenix
