

LinHES - Bug # 325: Error Grabbing XML Feed - Apple Trailers

Status:	Closed	Priority:	Normal
Author:	bzlImage8	Category:	
Created:	04/12/2009	Assignee:	
Updated:	04/14/2009	Due date:	
Description:	A recently updated linHES box responds with Error Grabing XML Feed when trying to watch apple trailers		

History

04/12/2009 06:24 pm - jams

Seems to work here without any problems. Please list more details including the steps to replicate and the error.

04/14/2009 04:29 pm - bzImage8

/home/mythtv/appletrailer.xml was not populated, running

```
php /usr/bin/mythtrailers_grabber > appletrailer.xml
```

got it right.

Just checked and the script is run daily via /etc/cron.daily
