| <b>Description:</b> | The idle.sh script that checks if mythtv is idle is missing. I believe it should be part of linhes-scripts. The script is located here:<br><a href="http://www.knoppmythwiki.org/index.php?binary=internal%3A%2F%2Ff2d54386f4609dcf9034d595ec5f5472.b">http://www.knoppmythwiki.org/index.php?binary=internal%3A%2F%2Ff2d54386f4609dcf9034d595ec5f5472.b</a><br>in |                  |            |
