

LinHES - Bug # 364: System Type LinHES Service menu executes even if you escape

Status:	Closed	Priority:	Normal
Author:	craigtv	Category:	
Created:	05/26/2009	Assignee:	
Updated:	05/30/2009	Due date:	
Description:	The "System Type" settings in the LinHES service menu execute, even if you escape back out the main menu. This resulted in a change in resolution and theme. I tried it again, going back through it and it reinitialized my mythconverg database.
