

LinHES - Bug # 470: mythweb links hardcoded as 192.168.1.253

Status:	Closed	Priority:	High
Author:	Human	Category:	
Created:	08/03/2009	Assignee:	
Updated:	12/25/2011	Due date:	12/31/1969
Description:	After a fresh install of an ISO from today's git sources and synced packages, links on MythWeb index are wrong. They're all hardcoded to 192.168.1.253. This bug renders MythWeb unusable.
