

LinHES - Bug # 498: post-upgrade: using digital audio, some media plays back at full speed but very low pitch

Status:	Closed	Priority:	High
Author:	Human	Category:	
Created:	08/12/2009	Assignee:	Human
Updated:	03/20/2010	Due date:	
Description:	I don't yet know what differentiates an affected video from an unaffected video, and I also need to test to make sure this is limited to upgrades.
