<b>Description:</b>	Mplayer seems to work now. MythTV does not. R6's MythTV version seems to want different audio settings. ALSA:default/Default no longer does the trick.

Hardware to test (will be updated as results change):

[Y] Chaintech AV-710, upgrade from R5.5

[N] onboard audio for Dragon 1.x, upgrade from R5.5

[N] onboard audio for Dragon 2.x, upgrade from R5.5

Restoring both asound.conf and asound.state seemed to do the trick. Will keep testing.
