

LinHES - Bug # 622: Add SiliconDust HDHR as an I/R Receiver option

Status:	Closed	Priority:	Normal
Author:	aclose	Category:	
Created:	02/06/2010	Assignee:	jams
Updated:	03/29/2010	Due date:	
Description:	<p>to get the SiliconDust HDHR I/R Receiver to talk to a FrontEnd, you need to execute the command:</p> <pre>mythtv@MythFrontend ~]\$hdhomerun_config <HDHR_Device_ID> set /ir/target <FrontEnd_IP:5000> no_clear' mythtv@MythFrontend ~]\$</pre> <p>the HDHR's device ID can be found by executing the following command:</p> <pre>[mythtv@MythFrontend ~]\$ hdhomerun_config discover hdhomerun device **1011014D** found at 10.0.0.13 [mythtv@MythFrontend ~]\$</pre> <p>so in my case, i used the following to get my HDHR to talk to my FrontEnd:</p> <pre>[mythtv@MythFrontend ~]\$ hdhomerun_config 1011014D set /ir/target 10.0.0.25:5000 no_clear [mythtv@MythFrontend ~]\$</pre> <p>if the above steps can't be easily scripted/executed behind the scenes, it would be worthwhile to mention these steps to the user, perhaps as the help text when Receiver is highlighted during setup/config.</p> <p>now that the HDHR is pointing to the FrontEnd, we need to get lircd to accept input from the HDHR</p> <p>this small block of logic should be added to /etc/sv/lircd/run:</p> <pre><code> # if using the SiliconDust_HDHR as an I/R Receiver if [x\$ReceiverType = "xSiliconDust_HDHR"] then CMD="/usr/sbin/lircd -H udp -d 5000 -n" exec \$CMD >>\$LOG 2>>\$LOG fi </code></pre> <p>the /etc/systemconfig will need to be updated during install or when 'Service Menu' -> 'LinHES Configuration' -> 'Remotes' -> Receiver is set to 'SiliconDust_HDHR'</p> <p>'SiliconDust_HDHR' will need to be added to the Receiver dropdown menu that shows up during installation and when accessing Service Menu' -> 'LinHES Configuration' -> 'Remotes' -> Receiver</p> <p>thank you</p>

i'm playing with python in order to automate the detection of the HDHR and configure /etc/systemconfig ReceiverType=SiliconDust_HDHR
but if someone beats me to it i'm fine with that :)

03/20/2010 09:29 pm - jams

Added SiliconDust_HDHR to selection menu.

03/21/2010 07:20 pm - jams

- *Target version set to 6.03.00*
