

## LinHES - Bug # 629: Reinstate lost mythinstall functionality

<b>Status:</b>	Closed	<b>Priority:</b>	Normal
<b>Author:</b>	GregFrost	<b>Category:</b>	
<b>Created:</b>	02/24/2010	<b>Assignee:</b>	jams
<b>Updated:</b>	03/20/2010	<b>Due date:</b>	
<b>Description:</b>	<p>Incorporate patch to reinstate functionality that was lost in the 0.22 version of mythinstall: folding@home modelines parsed from xorg log timezone stuff</p> <p>This has been incorporated as a patch in the PKGBUILD, but jams will probabably want to migrate these changes into his git repo.</p> <p>Jams, can I urge you to release versioned tarballs from your repo instead of directly checking the repo into the PKGBUILDs src area? It makes it very difficult to patch. I must have downloaded from your repo 25+ times to sort this stuff out. Either that or go back to configuring the files in the LinHES PKGBUILD tree.</p>
