

LinHES - Bug # 631: Latest update (Feb 28 2010) breaks Watch Video Streams

Status:	Rejected	Priority:	Normal
Author:	uteck	Category:	
Created:	02/28/2010	Assignee:	
Updated:	03/21/2010	Due date:	
Description:	It was working before the update, now I can't bring up the screen with Apple Trailers and Hulu Desktop.

Update will not install because is.xml will be replaced, good thing I backed it up first.

Restored it and now Apple Trailers and Hulu options show up again.
