

LinHES - Bug # 661: syntax error in /etc/monitorix.conf

Status:	Closed	Priority:	Normal
Author:	GregFrost	Category:	
Created:	03/22/2010	Assignee:	
Updated:	03/22/2010	Due date:	
Description:	When monitorix is installed fresh, it contains the following (notice no semicolon on the hostname line): <pre><pre> our \$TITLE = "LinHES"; # your company name our \$HOSTNAME = "mythtv" our \$OSTYPE = "Linux-Arch"; # choose your OS type (see below) </pre></pre> This is a syntax error that prevents monitorix daemon from running.
