Updated:	11/07/2010	Due date:	
Description:	The cursor can be difficult to see on a full HD display when sitting some distance from it. It would be nice to have the option of a larger more visible cursor.

Looking into this, I have found that a more visible cursor can be obtained simply by linking to one of the pre-installed cursor themes:

```
<pre>In -s /usr/share/icons/whiteglass ~mythtv/.icons/default
</pre>
```
