

LinHES - Bug # 760: Update for Bug #758 LinHES 7 (test): diskless ipconfig not found

Status:	Closed	Priority:	Normal
Author:	ywd	Category:	Installation/Upgrade
Created:	02/26/2011	Assignee:	jams
Updated:	08/05/2011	Due date:	08/05/2013
Description:	<p>Unable to "update" Bug #758 as Due date must be greater than start date, so opening a new case to provide update.</p> <p>Comparing the kernel26.img from LinHES 6.0.1 to the current diskless test kernel26.img, the diskless test is missing files such as ipconfig from /bin. So the above steps mentioned would NOT work to resolve diskless booting. Missing files and additional unknown changes needs to be resolved to get diskless-legacy to completely work.</p> <p>Thanks.</p>
