

LinHES - Feature # 763: Install to usb drive

Status:	Closed	Priority:	Normal
Author:	ywd	Category:	Installation/Upgrade
Created:	03/09/2011	Assignee:	
Updated:	08/05/2011	Due date:	08/05/2011
Description:	<p>Fails to boot after fresh install of LinHES 7.00.02 onto usb drive.</p> <p>Seems as the installed kernel has no usb support. A new kernel image made with "usb" in the "HOOKS" line in mkinitcpio.conf or mkinitcpio.conf.larch gets passed the initial boot error.</p>
