LinHES - Bug # 779: Changing locales does not work ...

Status:	Closed	**Priority:**	Normal
Author:	martin1802	**Category:**	Installation/Upgrade
Created:	08/08/2011	**Assignee:**	jams
Updated:	09/02/2011	**Due date:**	

Description:	May it is a larch problem ... I found a site from larch wiki https://wiki.archlinux.de/title/Rc.conf and the discribed thing does not work? Missing some files / directories in R7 with actual updates from testing repos?

Not many locales are included with the base system.

To generate them:

1) edit /etc/locale.gen, uncomment the locale you want to use.

2) run locale-gen

After this the changes you made rc.conf should work.

08/15/2011 10:29 am - martin1802

Thanks jams ... works for now ... generating and switching for the first test ...

using now de_DE.UTF-8 ... maybe we could close the thread, after more testing in a few days.

09/02/2011 12:12 pm - jams

- Status changed from New to Closed

de_DE.UTF-8 is now one of the couple locales that are included by default.

See #782 for more info.
