LinHES - Bug # 841: library.xml

Status:	Closed	**Priority:**	Normal
Author:	tscholl	**Category:**	Packages: Core
Created:	08/09/2012	**Assignee:**	cecil
Updated:	08/26/2013	**Due date:**	

Description:	/usr/share/mythtv/themes/defaultmenu/library.xml in R7.3 and R7.4 has 2 entries for Play Online Streams. The first one should be deleted.

```
<button>
    <type>STREAM</type>
    <text>Play Online Streams</text>
    <description></description>
    <action>PLUGIN mythstream</action>
    <depends>mythstream</depends>
</button>

<button>
    <type>STREAM</type>
    <text>Play Online Streams</text>
    <description></description>
    <action>MENU is.xml</action>
</button>
``` |

@sudo pacman -R mythstream@ Should remove mythstream thereby removing the entry. Something must have occur when you upgraded to R7.3 as this should have happened automatically. Will dig into see if I can duplicate but it worked fine in testing prior to R7.3's release.

Fresh install of R8 has two entries in library.xml

```
<button>
    <type>STREAM</type>
    <text>Play Online Streams</text>
    <action>PLUGIN mythstream</action>
    <depends>mythstream</depends>
</button>

<button>
    <type>STREAM</type>
    <text>Play Online Streams</text>
    <action>MENU gen_is.xml</action>
</button>
```

- Target version set to 8.1

- Category changed from Packages: Extra to Packages: Core

- Status changed from In Progress to Closed

The MythStream entry is part of .25 and shouldn't be removed. I have changed our patch for gen_is.xml to not use the same verbage as mythstream.
