

LinHES - Bug # 847: /usr/LH/bin/mythfrontend-start never exits

Status:	Closed	Priority:	Normal
Author:	tscholl	Category:	Packages: Core
Created:	09/04/2012	Assignee:	brfransen
Updated:	09/04/2012	Due date:	
Description:	When starting the frontend using alt-m mythfrontend-start never exits. This causes a problem for pause-mythcommflag.sh. When this command runs: top -bn1u mythtv grep mythfrontend awk '{ print \$9 }' It returns: 13 0 This causes pause-mythcommflag to get confused and hangs and causes other weird problems Once you kill the "/usr/LH/bin/mythfrontend-start" process all is well. top -bn1u mythtv grep mythfrontend awk '{ print \$9 }' It returns: 13 and all is well.
