

LinHES - Bug # 858: Remote frontends are not available for network control

Status:	Closed	Priority:	Normal
Author:	jams	Category:	Installation/Upgrade
Created:	10/30/2012	Assignee:	jams
Updated:	10/30/2012	Due date:	
Description:	Unset BackendServerIP on FE only machines.		

Associated revisions

10/30/2012 02:41 pm - jams

LinHES-config: For FE only systems set BackendIP to NULL.

By setting it to null it will autoselect which private IP to accept connections on for remote control.

refs #858

closes #858

10/31/2012 08:09 am - jams

LinHES-config: change location of config for installs. The new location is /etc/install_layout

Fix bug with new installs, where backendIP was being set to 127.0.01 after restoring distro defaults. We still want defaults restored, but after restoring run `hostype` to set the backendserver ip again
