LinHES - Bug # 872: folding at home service run script

Status:	Closed	**Priority:**	Normal
Author:	jams	**Category:**	Packages: Extra
Created:	12/02/2012	**Assignee:**	jams
Updated:	12/04/2012	**Due date:**	
Description:	folding at home will continue to restart if the configuration is not correct.		
	Add a finish script to limit the number of times it can restart in X amount of time before stopping.		

Associated revisions

runit-scripts: move folding_at_home scripts to runitscripts

Configuration of FAH was moved to the run script so it no longer needs or uses config.xml

However if /etc/fah-config.xml is present it will use it and skip using values from /etc/systemconfig

- Category set to Packages: Extra

- Status changed from New to Closed

folding at home is now configured inside the runit script

Also if fah fails to start more then 3 times in 20 seconds the service is disabled.
